We would like to tell you about....

Iceni Primary Academy is looking for new Community Governors to join their governing body.

Being a governor is a very rewarding experience. You will be part of a team who work to improve the life chances of children, some of whom come from very challenging backgrounds. No experience is needed, and you will learn new skills whilst giving something back to the community you live and work in.

We welcome a conversation with anyone who is interested in finding out more about school governance and what a difference you could make to young lives. Governance is enhanced by a team made up from a diverse range of ages, professions and social and cultural backgrounds, full training and support is given.

If you think you may be interested in becoming a community governor, please get in touch via email: governance@attrust.org.uk for more information about the role. If you know someone else who might be interested, please pass on our details to them.
